## INDEPENDENT AUDITOR'S REPORT

Honorable Commissioners  
South Amboy Redevelopment Agency  
South Amboy, New Jersey

### Report on the Financial Statements

We have audited the accompanying financial statements of the South Amboy Redevelopment Agency, a component unit of the City of South Amboy, as of and for the years ended June 30, 2013 and 2012, and the related notes to the financial statements, which collectively comprise the South Amboy Redevelopment Agency's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the South Amboy Redevelopment Agency as of June 30, 2013 and 2012, and the respective changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Matters***

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the South Amboy Redevelopment Agency's basic financial statements as a whole. The supplementary schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary schedule listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedule listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated November 5, 2013 on our consideration of the South Amboy Redevelopment Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the South Amboy Redevelopment Agency's internal control over financial reporting and compliance.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**SOUTH AMBOY REDEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2013 AND 2012**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The South Amboy Redevelopment Agency was established by an Ordinance enacted by the governing body of the City of South Amboy to improve and redevelop areas in the City of South Amboy, Middlesex County, New Jersey.

The Agency has been vested with all powers and privileges conferred upon Redevelopment Agencies by the Laws of the State of New Jersey and by the United States of America, including the power and authority to participate in any state or federal program for the clearance, replanning, development and redevelopment of a blighted area after same has been determined as such and a Redevelopment Plan is approved by ordinances of the City of South Amboy. Such powers shall include the ability to enter into all rights and duties necessary or appropriate to accomplish its established objectives and to participate in any relevant program available to it under applicable laws.

The agency is governed by a Board of Commissioners consisting of seven members, who are appointed by the Governing Body of the City of South Amboy. The Board of Commissioners determines policy actions, approves resolutions and is responsible for the overall operation of the Agency.

The South Amboy Redevelopment Agency includes in its financial statements the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose its will on the component unit, or b) the possibility that the component unit will provide a financial benefit or to impose a financial burden on the primary government. There were no component units with a positive response to any of these reporting criteria. Furthermore, the Agency would be includable as a component unit of the City of South Amboy on the basis of such criteria.

**B. Measurement Focus, Basis of Accounting and Basis of Presentation**

The accounts of the Agency are organized and operated on the basis of funds. The agency maintains an enterprise fund to account for its operations. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. A description of the Agency's fund type it maintains to account for its financial transactions is as follows:

Proprietary Fund Types – This fund type accounts for operations that are organized to be self-supporting and includes Enterprise Funds.

An enterprise fund is used to account for those operations that are financed and operated in a manner similar to a private business or where the board has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability purposes.

**SOUTH AMBOY REDEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2013 AND 2012**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)**

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is reported as net position. Proprietary fund-type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The Agency has elected to follow all Financial Accounting Standards Board (FASB) standards issued prior to November 30, 1989. Subsequent to this date, the Agency accounts for its proprietary funds as presented by GASB.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary fund's principal ongoing operations.

The accrual basis of accounting is utilized by proprietary fund types. Under this method revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

**C. Assets, Liabilities and Equity**

**Deposits and Investments**

The Agency's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the Agency to invest in certain types of investments. These investment vehicles are summarized in Note 3.

**Intergovernmental Receivable and Payables**

Transactions between the Agency and the County of Middlesex, the City and State of New Jersey (the "State") agencies that are representative of capital allotment/grant award arrangements outstanding at the end of the fiscal year are referred to as intergovernmental receivables and payables.

**Restricted Assets**

Certain assets are restricted on the statement of net position because they are maintained in separate bank accounts and their use is limited by certain agreements entered into between the Agency and third parties.

FOR THE YEARS ENDED JUNE 30, 2013 AND 2012**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Assets, Liabilities and Equity (Continued)**

**Capital Assets**

Property held for redevelopment is recorded at cost when acquired or if contributed, at the estimated fair market value on the date of receipt by the Agency.

Construction costs are charged to construction in progress until such time as they are completed and certified by the Agency's consulting engineers, at which time they are transferred to their respective asset category and are then depreciated over their useful lives. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets construction. The total interest expense incurred by the Agency during the years ended June 30, 2013 and 2012 was \$201,105 and \$205,143, respectively. Of these amounts, none were included as part of the cost of capital assets under construction for those years.

All capital assets are depreciated on the straight-line method based on their asset class and estimated useful lives as follows:

<u>Class</u>	<u>Life</u>
Buildings and Building Improvements	20-40 Years

**Escrow Deposits Payable**

Certain monies held by the Agency or third parties on behalf of the Agency in conjunction with a specific project or purpose are reported as project deposits.

**Unearned Revenue**

Grant funds and related program income, redeveloper and developer fees received, but not earned at year end, are reported as unearned revenue. Additionally, deposits received from purchases of Agency or City assets whereby contract requirements are not satisfied as of the date of audit are considered unearned revenue.

**Net Position**

**Net Investment in Capital Assets** – Consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, construction or improvement of those assets.

**Unrestricted Net Position** – Represents the net position neither restricted nor invested in capital assets, net of related debt.

**Reclassifications**

Certain reclassifications may have been made to the June 30, 2012 balances to conform to the June 30, 2013 presentation.

Supplementary Schedules

The supplementary schedule presented is required by the "New Jersey Authority Accounting Principles and Auditing Standards Manual".

Use of Estimates

The preparation of financial statements requires management of the Agency to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of accrued revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

**SOUTH AMBOY REDEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2013 AND 2012**

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**Budgetary Accounting**

The Agency annually prepares an operating budget. The budget is prepared in accordance with the Budget Manual for Local Public Authorities as promulgated by the Division of Local Government Services, which differs in certain respects from accounting principles generally accepted in the United States of America. The budget serves as a plan for expenses and the proposed means for financing them. Budgetary control is exercised within the respective system. Unexpended appropriations lapse at year end.

The annual budget is required to be approved at least sixty days prior to the beginning of the fiscal year. The budget must be approved by the Agency and submitted to the Division of Local Government Services, Bureau of Authority regulation for approval prior to adoption. The budget adoption and amendments are recorded in the Agency's minutes.

A six year capital budget is also required to be prepared. Included within the budget are individual projects along with their estimated cost, completion date and source of funding.

The encumbrance method of accounting is utilized by the Agency for budgetary purposes. Under this method purchase orders, contracts and other commitments for expenditures of resources are recorded to reserve a portion of the applicable budget appropriation.

In accordance with accounting principles generally accepted in the United States of America, outstanding encumbrances at year-end for which goods or services are received, are classified to expenses and accounts payable. All other encumbrances in the annual budgeted funds are reversed at year-end and are either cancelled or are included as reappropriations of fund equity for the subsequent year. Encumbrances at year-end in funds that are budgeted on a project basis automatically carry forward along with their related appropriations and are not subject to annual cancellations and reappropriations.

**NOTE 3 DEPOSITS AND INVESTMENTS**

The Agency considers petty cash, change funds, cash in banks and certificates of deposit as cash and cash equivalents.

**Deposits**

The Agency's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Agency is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protect Act requires all banks doing business in the State of New Jersey to pledge plus collateral equal to 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of 75% of its capital funds for all deposits not covered by the FDIC.

SPIC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At June 30, 2013 and 2012, the book value of the Agency's deposits were \$275,043 and \$478,193, respectively and bank balances of the Agency's cash and deposits amounted to \$277,543 and \$481,943, respectively. Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Agency does have a formal policy for custodial credit risk. As of June 30, 2013 and 2012, none of the Agency's bank balances were exposed to custodial credit risk.

**Investments**

The Agency is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 40A:5-15.1. Investments include bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the Agency or bonds or other obligations of the school districts which are a part of the Agency or school districts located within the Agency, Local Government investment pools, and agreements or the repurchase of fully collateralized securities, if transacted in accordance with NJSA 40A:5-15.1 (8a-8e).

**NOTE 4 RISK MANAGEMENT**

The Agency is exposed to various risks of loss related to general liability, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Agency is covered by an insurance policy to guard against these events which are intended to provide minimum exposure to the Agency should they occur.

**NOTE 5 RELATED PARTY TRANSACTIONS**

On September 20, 2000 the Governing Body of the City of South Amboy adopted a bond ordinance appropriating and authorizing bonds or notes for \$1,500,000 for the South Amboy Regional Intermodal Transportation Improvements as part of the Redevelopment Plan. The purpose of this appropriation is to provide a portion of the cost of Transportation Improvements and meet grant in aid requirements in conjunction with a "TEA" 21 grant awarded to the City in the approximate amount of \$15,500,000 from the United States Government. As of June 30, 2013, all of the City ordinance proceeds have been transferred to the Agency and expended. These payments have been capitalized by the Agency as construction in progress.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Chairperson and Members of the Board  
South Amboy Redevelopment Agency  
South Amboy, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the South Amboy Redevelopment Agency, as of and for the year ended June 30, 2013, and the related notes to the financial statements, as listed in the table of contents which collectively comprise the South Amboy Redevelopment Agency's basic financial statements, and have issued our report thereon dated November 5, 2013.

### Internal Control over Financial Reporting

Management of the South Amboy Redevelopment Agency is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the South Amboy Redevelopment Agency's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the South Amboy Redevelopment Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the South Amboy Redevelopment Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the South Amboy Redevelopment Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the South Amboy Redevelopment Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the South Amboy Redevelopment Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
