

RAVE Emergency Notification Registration

RAVE Communications Emergency Notification and Alert Registration

In an effort to provide more reliable and effective communications with residents and businesses in the City of South Amboy, the city has implemented RAVE Communications Emergency and Notification Alerting System as our emergency notification provider.

RAVE is a system that makes informative phone calls, sends email and text messages, and will post directly to our social media pages to those residents who registered for the service.

In the event of an emergency or for community notification the South Amboy Office of Emergency Management, Police Department and other departments will use this system to notify citizens by phone, email and text of vital information. These messages may include information on hazardous weather, potential flooding, fire/Haz-Mat, water emergencies, accidents/road closures, missing persons, and evacuation orders.

All calls you receive will have the caller ID of "South Amboy" or "South Amboy OEM Department." Your personal information will remain confidential, secure and not be provided to any outside agencies or companies.

Register Now: <https://www.smart911.com/smart911/ref/reg.action?pa=southamboynj>

If you wish to unsubscribe from RAVE alerts, email your request to saoem@southamboynj.gov

Reserve Notification

If you are to receive a reverse notification, additional information will be posted on this site. Please **do not** call the South Amboy Police Department or Office of Emergency Management; their lines must be left open for emergency calls.
