INDEPENDENT AUDITOR'S REPORT

Honorable Chairperson and Members of the Board South Amboy Redevelopment Agency South Amboy, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the South Amboy Redevelopment Agency, a component unit of the City of South Amboy, as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the South Amboy Redevelopment Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing and opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the South Amboy Redevelopment Agency as of June 30, 2015 and 2014, and the respective changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the South Amboy Redevelopment Agency's basic financial statements as a whole. The supplementary schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary schedule listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedule listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated October 23, 2015 on our consideration of the South Amboy Redevelopment Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the South Amboy Redevelopment Agency's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Reporting Entity and Activities

The South Amboy Redevelopment Agency was established by an Ordinance enacted by the governing body of the City of South Amboy to improve and redevelop areas in the City of South Amboy, Middlesex County, New Jersey.

The Agency has been vested with all powers and privileges conferred upon Redevelopment Agencies by the Laws of the State of New Jersey and by the United States of America, including the power and authority to participate in any state or federal program for the clearance, replanning, development and redevelopment of a blighted area after same has been determined as such and a Redevelopment Plan is approved by ordinances of the City of South Amboy. Such powers shall include the ability to enter into all rights and duties necessary or appropriate to accomplish its established objectives and to participate in any relevant program available to it under applicable laws.

The agency is governed by a Board of Commissioners consisting of seven members, who are appointed by the Governing Body of the City of South Amboy. The Board of Commissioners determines policy actions, approves resolutions and is responsible for the overall operation of the Agency.

The South Amboy Redevelopment Agency includes in its financial statements the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose its will on the component unit, or b) the possibility that the component unit will provide a financial benefit or to impose a financial burden on the primary government. There were no component units with a positive response to any of these reporting criteria. Furthermore, the Agency would be includable as a component unit of the City of South Amboy on the basis of such criteria.

B. New Accounting Standards

During fiscal years 2015 and 2014, the Authority implemented the following GASB statement:

• GASB 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees, the objective of this Statement is to improve accounting and financial reporting by state and local governments that extend and receive nonexchange financial guarantees. This Statement requires a government that has issued an obligation guaranteed in a nonexchange transaction to report the obligation until legally released as an obligor. This Statement requires new information to be disclosed by governments that receive nonexchange financial guarantees.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The accounts of the Agency are organized and operated on the basis of funds. The agency maintains an Enterprise Fund to account for its operations. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related, legal and contractual provisions. A description of the Agency's fund type it maintains to account for its financial transactions is as follows:

<u>Proprietary Fund Types</u> – This fund type accounts for operations that are organized to be self-supporting and includes Enterprise Funds.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

An enterprise fund is used to account for those operations that are financed and operated in a manner similar to private business or where the entity has decided that the periodic determination of revenues earned, costs incurred and/or net income is appropriate for management accountability purposes.

The Agency's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. All assets and all liabilities associated with these operations are included on the Statement of Net Position. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of operations and services, administrative expenses and depreciation on capital assets. The Agency considers transactions pertaining to property held for redevelopment to be operating revenues and expenses since these transactions are connected with its principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

- 1. Use of Estimates The preparation of financial statements requires management of the Agency to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of accrued revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.
- 2. Reclassifications Certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

D. Assets, Liabilities and Net Position

- 1. Cash, Cash Equivalents and Investments The Agency considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Investments are stated at fair value and are limited by N.J.S.A. 40A:5-15.1.
- 2. Restricted Assets Certain assets are classified restricted because they are maintained in separate bank accounts and/or their use is limited as the result of certain agreements entered into between the Agency and third parties.
- 3. Capital Assets Property held for redevelopment is recorded at cost or, if donated or contributed, is stated at the estimated fair market value on the date of receipt by the Agency. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of an asset are expensed.

Construction costs are charged to construction in progress until such time as they are completed and certified by the Agency's consulting engineers, at which time they are transferred to their respective asset category and are then depreciated over their useful lives. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets construction. The total interest expense incurred by the Agency during the years ended June 30, 2015 and 2014 was \$192,445 and \$196,882, respectively. Of these amounts, none were included as part of the cost of capital assets under construction for those years.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Position (Continued)

3. Capital Assets (Continued)

All capital assets are depreciated on the straight-line method based on their asset class and estimated useful lives as follows:

<u>Class</u> <u>Life</u>

Buildings and Building Improvements 20-40 Years

- **4.** Escrow Deposits Payable Certain monies held by the Agency or third parties on behalf of the Agency in conjunction with a specific project or purpose are reported as project deposits.
- 5. Unearned Revenue Grant funds and related program income, redeveloper and developer fees received, but not earned at year end, are reported as unearned revenue. NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Accounting

The Agency annually prepares an operating budget. The budget is prepared in accordance with the Budget Manual for Local Public Authorities as promulgated by the Division of Local Government Services, which differs in certain respects from accounting principles generally accepted in the United States of America. The budget serves as a plan for expenses and the proposed means for financing them. Budgetary control is exercised within the respective system. Unexpended appropriations lapse at year end.

The annual budget is required to be approved at least sixty days prior to the beginning of the fiscal year. The budget must be approved by the Agency and submitted to the Division of Local Government Services, Bureau of Authority regulation for approval prior to adoption. The budget adoption and amendments are recorded in the Agency's minutes.

A six year capital budget is also required to be prepared. Included within the budget are individual projects along with their estimated cost, completion date and source of funding.

The encumbrance method of accounting is utilized by the Agency for budgetary purposes. Under this method purchase orders, contracts and other commitments for expenditures of resources are recorded to reserve a portion of the applicable budget appropriation.

In accordance with accounting principles generally accepted in the United States of America, outstanding encumbrances at year-end for which goods or services are received, are classified to expenses and accounts payable. All other encumbrances in the annual budgeted funds are reversed at year-end and are either cancelled or are included as reappropriations of fund equity for the subsequent year. Encumbrances at year-end in funds that are budgeted on a project basis automatically carry forward along with their related appropriations and are not subject to annual cancellations and reappropriations.

NOTE 3 DEPOSITS AND INVESTMENTS

Deposits – The Agency's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Agency is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protect Act requires all banks doing business in the State of New Jersey to pledge plus collateral equal to 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of 75% of its capital funds for all deposits not covered by the FDIC.

Bank balances for interest bearing accounts are insured up to \$250,000 in the aggregate by the FDIC for each bank. SPIC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At June 30, 2015 and 2014, the book value of the Agency's deposits were \$3,674,828 and \$543,864, respectively, and the bank balance of the Agency's cash and deposits amounted to \$3,677,350 and \$551,220, respectively.

NOTE 6 RISK MANAGEMENT

The Agency is exposed to various risks of loss related to general liability, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Agency is included in the City of South Amboy's insurance policy to guard against these events which are intended to provide minimum exposure to the Agency should they occur.

NOTE 7 CITY OF SOUTH AMBOY DEBT GUARANTEE

In conjunction with the issuance of the 2008 Revenue Bonds, the City and the Agency entered into a subsidy agreement dated February 15, 2007. Pursuant to the agreement the City shall pay the Agency upon 15 days' notice, any amount needed to pay principal and redemption premium of and/or interest on the 2008 Revenue bonds to the extent such funds are not otherwise available from the Agency. The City has not made any payments under this debt guarantee for the years ended June 30, 2015 and 2014.

NOTE 8 RELATED PARTY TRANSACTIONS

On September 20, 2000 the Governing Body of the City of South Amboy adopted a bond ordinance appropriating and authorizing bonds or notes for \$1,500,000 for the South Amboy Regional Intermodal Transportation Improvements as part of the Redevelopment Plan. The purpose of this appropriation is to provide a portion of the cost of Transportation Improvements and meet grant in aid requirements in conjunction with a 'TEA" 21 grant awarded to the City in the approximate amount of \$15,500,000 from the United States Government. As of June 30, 2015, all of the City ordinance proceeds have been transferred to the Agency and expended. These payments have been capitalized by the Agency as construction in progress.

NOTE 9 INTERLOCAL AGREEMENT

The Agency has entered into an interlocal agreement with the City of South Amboy whereby the Agency will reimburse the City of South Amboy for certain costs on an ongoing basis. During the years ended June 30, 2015 and 2014, the Agency reimbursed the City \$292,734 and \$42,734, respectively.

NOTE 10 CONTINGENCIES

<u>Contingent Liabilities</u>: The Agency acknowledges that professional fees have been incurred by certain developers pertaining to certain redevelopment projects within the City of South Amboy totaling approximately \$195,000. These liabilities have not been paid or recorded in the financial statements as of and for the years ended June 30, 2015 and 2014 since management and governance of the Agency have represented that the Agency intends on seeking reimbursement from the respective developers for the payment of said professional fees.

<u>Litigation</u>: The Agency is a defendant in several lawsuits which arose out of the normal course of business and which the Agency's management believes will not have a material impact on the financial statements. These liabilities, if any, not covered by insurance, should not be material in amount.

NOTE 11 FEDERAL ARBITRAGE REGULATIONS

The Agency is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At June 30, 2015 and 2014, the Agency had no estimated arbitrage earnings due to the IRS, if any.

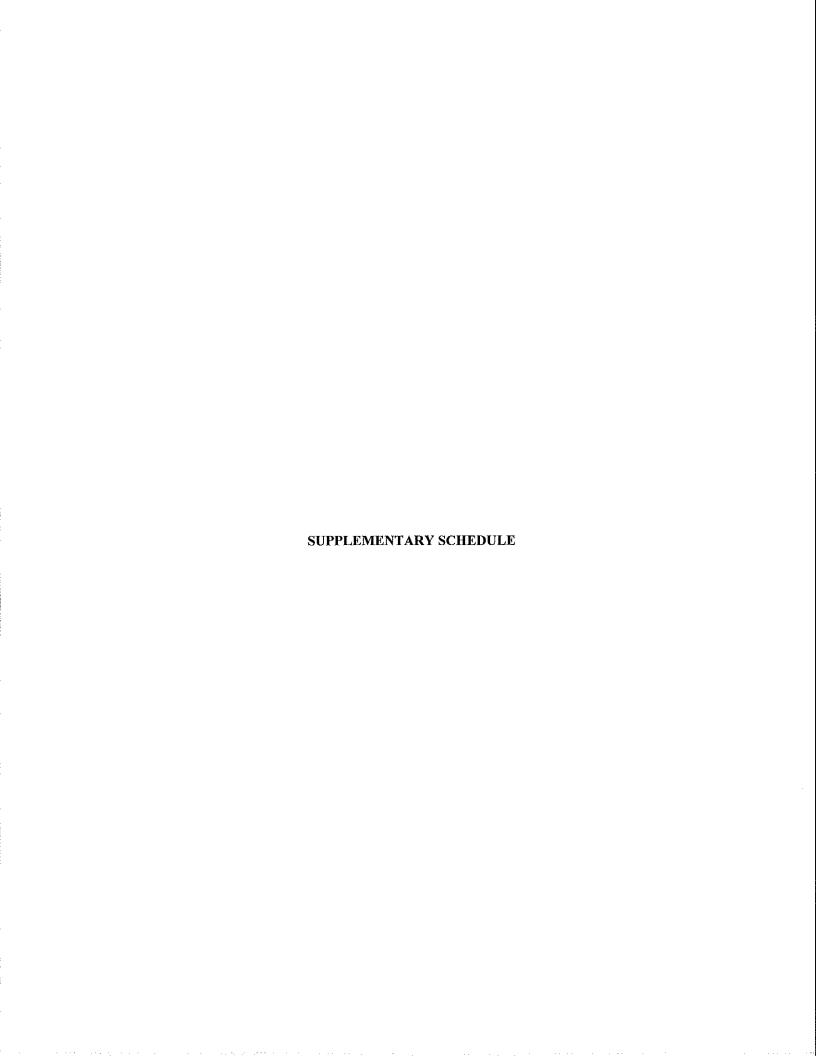

NOTE 12 SUBSEQUENT EVENTS

Revenue Refunding Bonds

The Agency adopted a Resolution on August 6, 2015 approving an application to the Local Finance Board for its review of: (i) a proposed issuance of revenue refunding bonds in one or more series and (ii) the private sale of such revenue refunding bonds by the Agency. The application was subsequently submitted on August 19, 2015 requesting revenue refunding bonds in an amount not to exceed \$3,500,000. The Local Finance Board approved the application on September 9, 2015.

Litigation

On January 18, 2013, Genon Rema, LLC and NRG Energy, Inc. ("GenOn") instituted a civil action against the Agency and the City of South Amboy to declare the December 7, 2012 Redevelopment Agreement between the Agency and GenOn void and unenforceable. GenOn also sought reimbursement for legal fees and costs incurred. The Agency and City asserted counterclaims to enforce the Redevelopment Agreement and for damages and legal fees incurred. The case was settled in September, 2015 resulting in a payment due to the Agency from GenOn of \$100,000 to cover the Agency's legal fees and GenOn deeding two acres of land to the Agency.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

Honorable Chairperson and Members of the Board South Amboy Redevelopment Agency South Amboy, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the South Amboy Redevelopment Agency, as of and for the year ended June 30, 2015, and the related notes to the financial statements, as listed in the table of contents which collectively comprise the South Amboy Redevelopment Agency's basic financial statements, and have issued our report thereon dated October 23, 2015.

Internal Control over Financial Reporting

Management of the South Amboy Redevelopment Agency is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the South Amboy Redevelopment Agency's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the South Amboy Redevelopment Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the South Amboy Redevelopment Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the South Amboy Redevelopment Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the South Amboy Redevelopment Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the South Amboy Redevelopment Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
