Members absent: None

Also present: None

This meeting was held via conference call due to COVID-19.

Conference call scheduled due to budget reductions for the upcoming grant cycle. Discussion surrounding all scheduled programs for the FY 21 grant cycle and which should/could be held. Review of possible modalities for delivery including: (a) pre-recorded, (b) live training but virtual, and (c) in person training. Due to COVID, we will investigate which options would be most suitable for social distancing and adherence to pandemic guidelines.

Executive committee agreed that DARE, Botvin Life Skills training and community should receive grant funds. Although vaping and alcohol prevention were key focus areas for the upcoming year, reductions to these programs was again reviewed. Team was in agreement that once the entire package was resubmitted, we would request funds for above-stated programming.

Motion by Kim Seber, seconded by Pat Walsh to adjourn.

Respectfully submitted,

Kathy Kudelka
