Police report provided by Kathy Kudelka. Dan Holovacko is working with the school to schedule the DARE program and will report next meeting

The following programs were completed this past quarter: Not Even Once, Vaping Workshop, Elks Leadership Conference

Hearty discussion regarding community event attendance. Kim and Jeanine agreed to man a table at Riley's Touch a Truck. Youth program at the YMCA daily and have offered the Alliance the opportunity to participate as often as possible distributing literature and speaking with the youth/parents. Will also be in attendance at the next several car shows located along Broadway on Friday evenings

Kim Seber reported that she has seen a dramatic rise in overdoses

The methadone clinic provided 175 doses of NARCAN to her. Discussion ensued around distribution at City buildings and/or local businesses. Cathy Housman suggested Narcan placards. Kim will investigate Narcan placards that can be placed in business windows (NJ Harm Reduction). Can we provide training to City employees and keep the ARCAN in the AED's with gloves?

Dr. Williams will provide information on the dates of school pep rallies where we may have the ability to set up information tables. Also, Coffee and Conversation events with parents may be an opportunity for the Alliance to be present with literature.

Motion by Kim Seber seconded by Cathy Housman to close the meeting.

Respectfully submitted,

Kathy Kudelka
